

DE $\frac{3}{4}$ DE $\frac{1}{4}$ DE, COLOMBIA

Country report card - under-5s

This report card contains the latest data available on the Global Obesity Observatory on overweight and obesity for children under 5. Where available, data on common and relevant obesity drivers and comorbidities are also presented.

View the latest version of this report on the Global Obesity Observatory at <https://data.worldobesity.org/country/colombia-43/>.
