Marketing of Breast-Milk Substitutes: National Implementation of the International Code Status Report 2016 (Promotion of Breastfeeding)

The 2016 report provides information on the status of implementing the International Code of Marketing of Breast-milk Substitutes and subsequent relevant World Health Assembly resolutions ("the Code") in and by countries. The report also identifies in which countries they actively promote the benefits of breastfeeding.

Categories:	Evidence of Breastfeeding promotion or related activity
Target age group:	Adults
