

Turkey: Overweight/obesity by age

Children, 2008

Survey type:	Measured
Sample size:	1735
Area covered:	National
References:	Agirbasli M, Adabag S, Ciliv G. Secular trends of blood pressure, body mass index, lipids and fasting glucose among children and adolescents in Turkey. 2012 Clinical Obesity 1, 161-167. doi:10.1111/j.1758-8111.2012.00033.x
Notes:	The paper suggests that overweight includes obesity, therefore obesity has been subtracted from the overweight figures.
Cutoffs:	Other
