

WHO Afrikaregionen

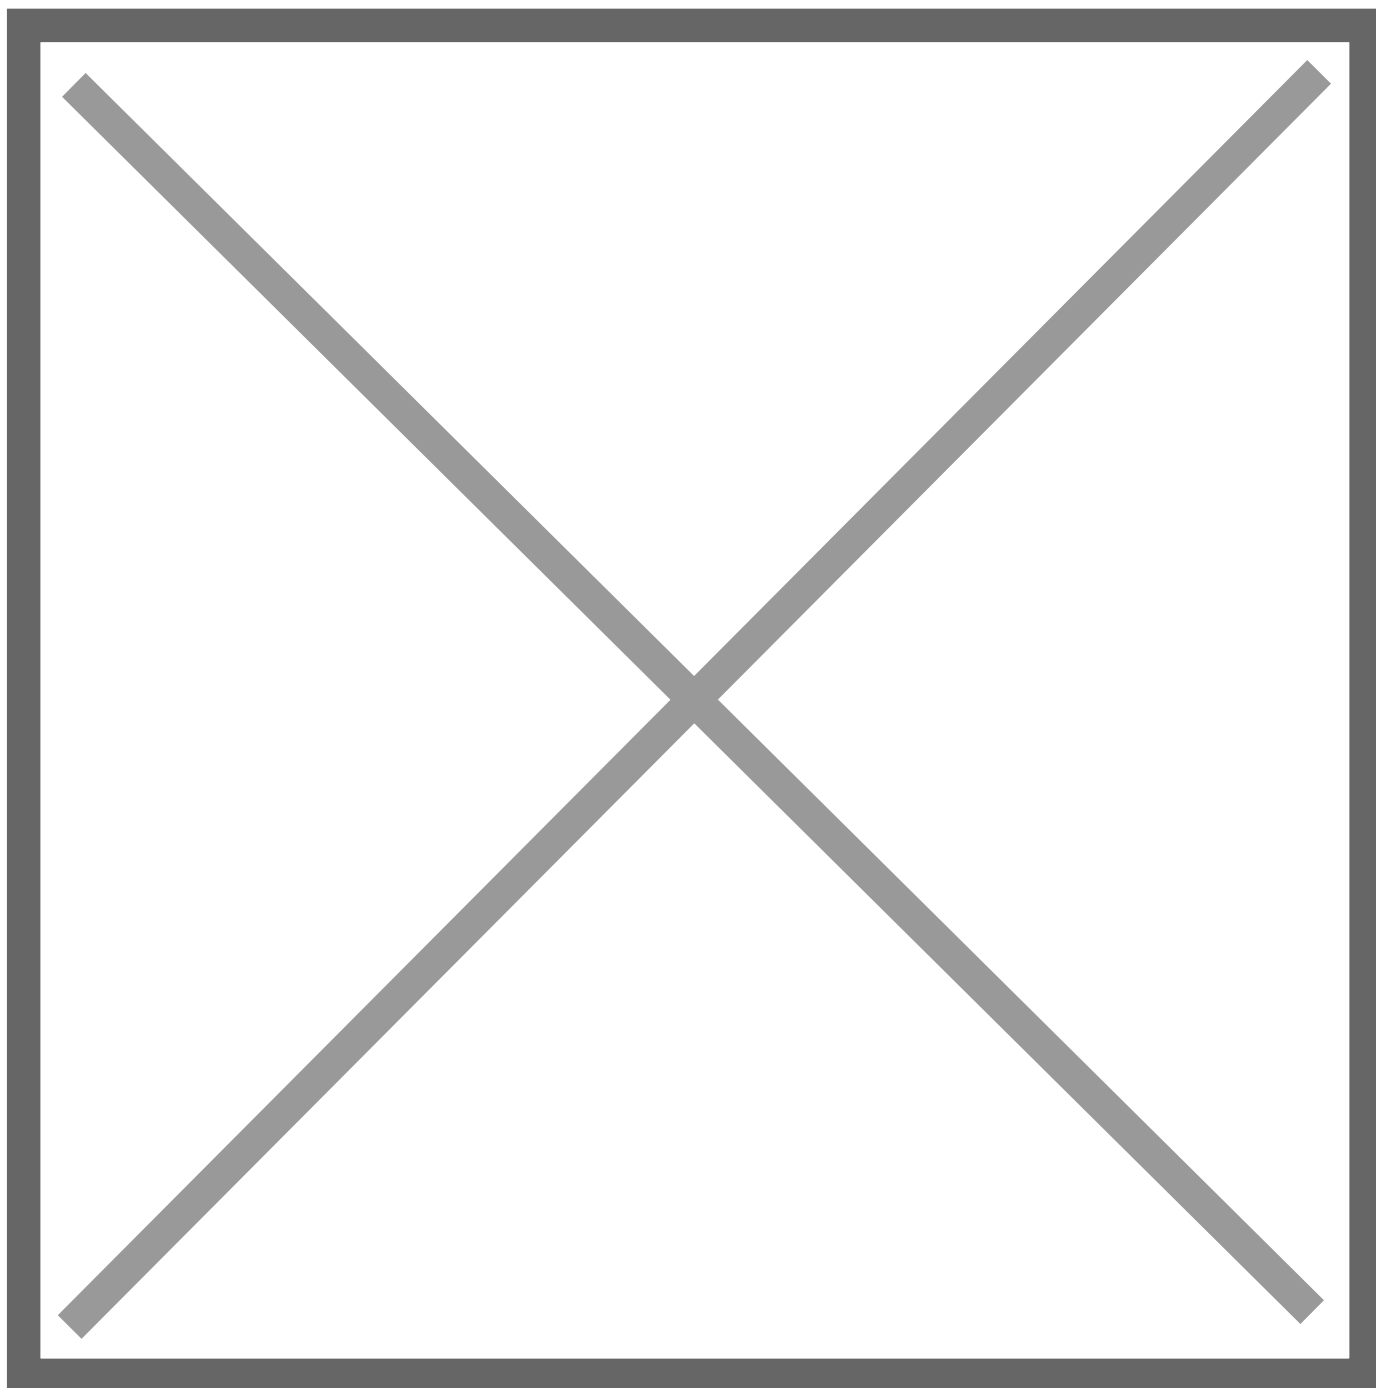

Regional report card - under-5s

This report card contains the latest data available on the GlobalObesityObservatory on overweight and obesity for children under 5. Where available, data on common and relevant obesity drivers and comorbidities are also presented.

View the latest version of this report on the Global Obesity Observatory at <https://data.worldobesity.org/region/who-africa-region-2/>.

Fedmeprævalens

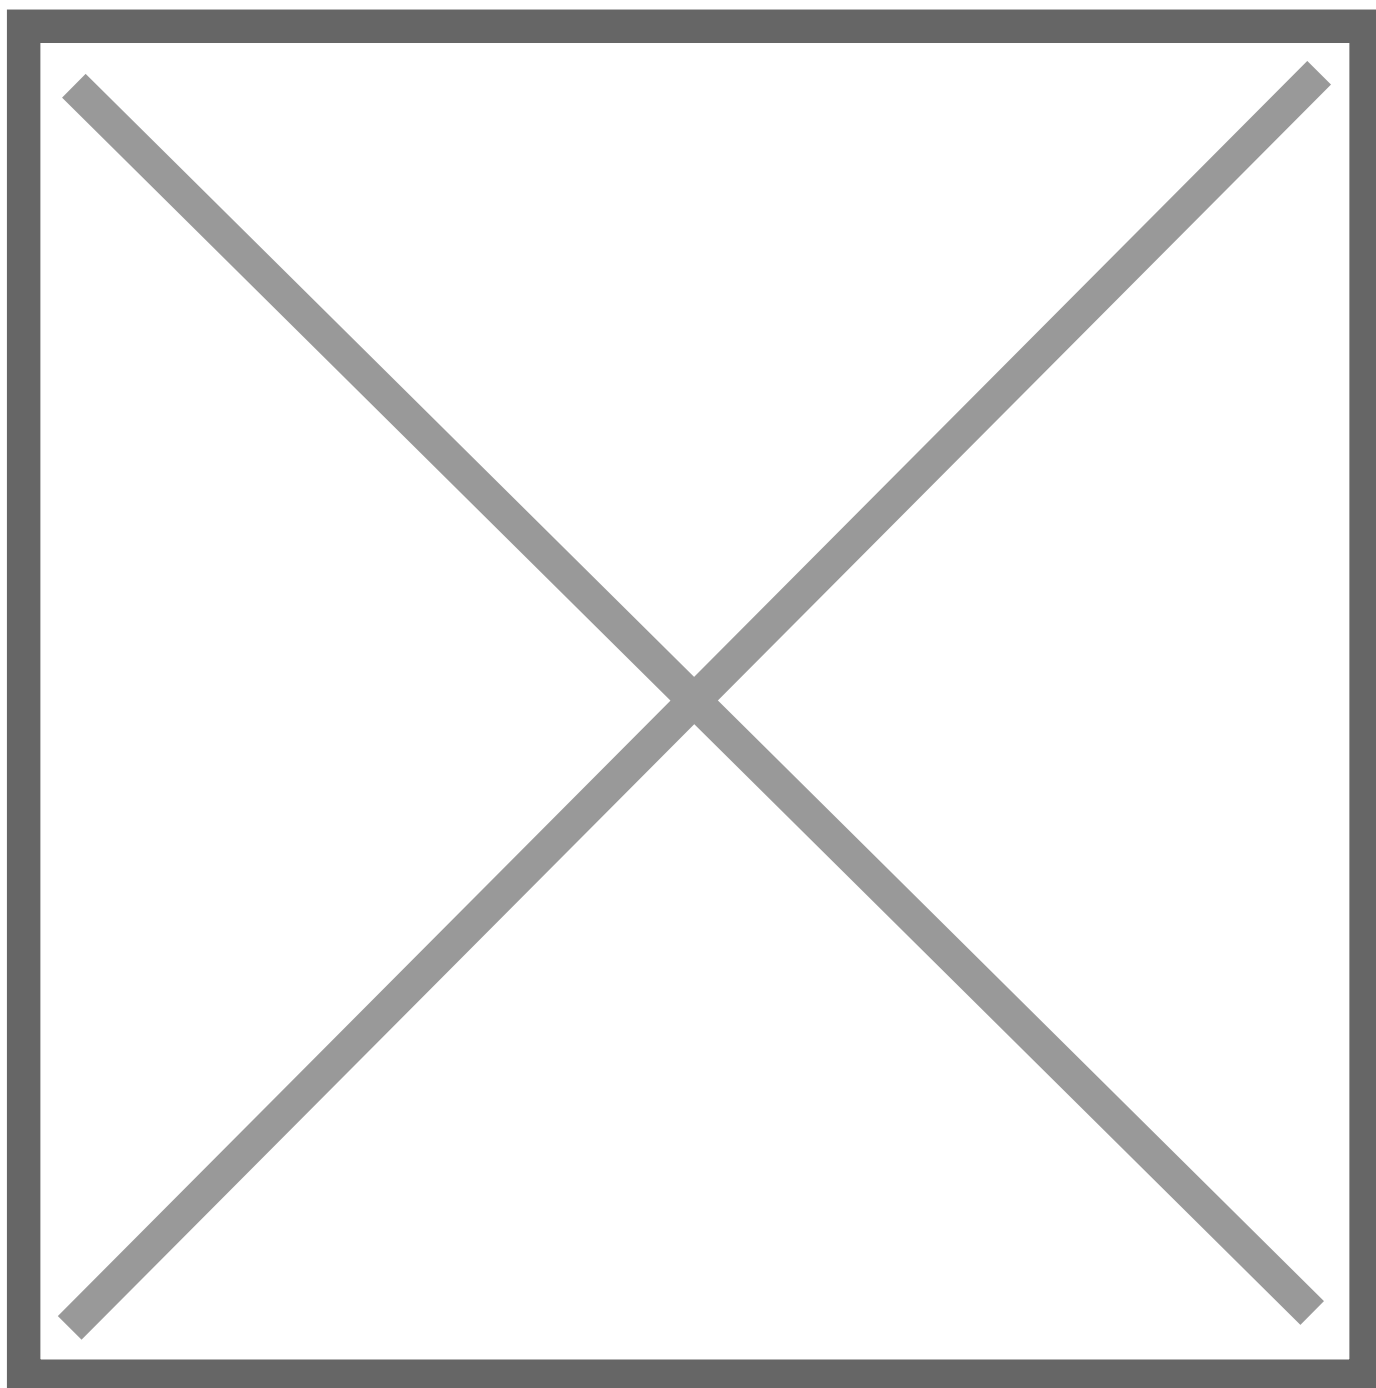

0-5 years

**Noter (kun
tilgængelige
på engelsk):**

Different methodologies have been used to collect this data and so it is not strictly comparable.

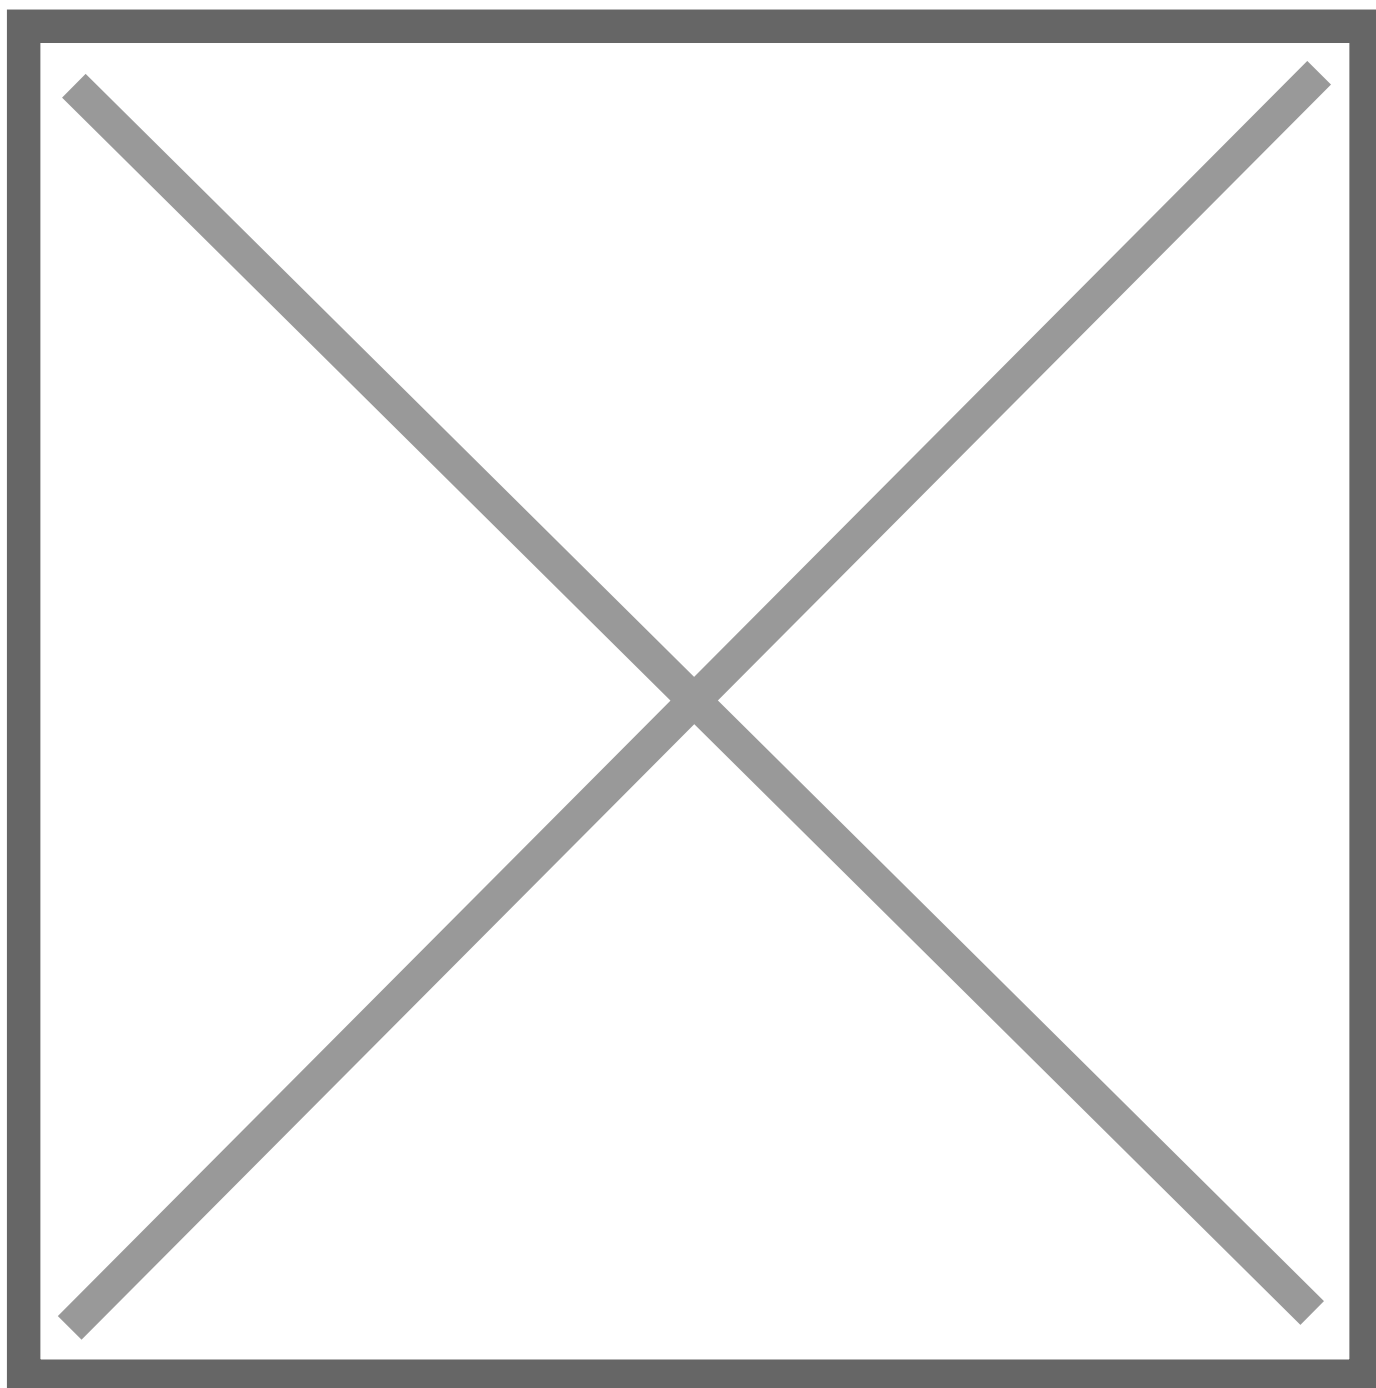

0-5 years boys

**Noter (kun
